# Our Story

---

Born out of a love of pimm's, campari and gin and stemming from a keen interest in the arts; Nosferatu Distillery came into being in May 2018. Laced in inspiration from film, art, literature, folklore and culture.

Our distillery was born in Melbourne, and stayed there until 2022, when we moved the distillery up to Brisbane. You are now seated in our sole production facility, where our range is made, bottled and distributed.

The opportunity to serve our range in the same building it is produced is a tremendous opportunity for us to give unparalleled insights into why we love what we make.

We hope you love this space and our spirits as much as we do..
